Barnet has many other health services you can use:

GP SERVICES

Register with a GP practice: Contact the practice you would like to join via their website or call them for details.

Get a GP appointment: Via their website or call the practice. Do **not** go into the practice in person to book an appointment or to collect a prescription.

On-line consultations: Complete the e-consult form on your GP practice website to request an online consultation. Your GP will contact you within one working day.

GP Extended Access Service (weekend, evening and bank holiday appointments) and GP Out-of-Hours service

Contact your GP practice or call 020 3948 6809. This phone line is operational at evenings, weekends and bank holidays only. For the GP out-of-hours service, call NHS 111 or visit 111 online, seven days a week, 24 hours a day. The service offers virtual and face-to-face consultations and includes home visits.

PHARMACY SERVICES
